

HomeShore America LLC

Business Process Outsourcing

WHY OUTSOURCE?

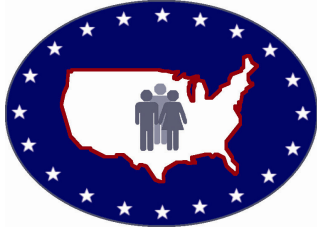

- How many hours a day are **you** spending on back-office, non-core functions instead of on **your** customers?
- Outsourcing lets **you** focus on **your** core business and customers.
- Outsourcing can help you manage back-office, non-core costs and allows **you** to get back to business.
- Outsourcing allows you to adjust to business cycles and changes in volume without adding a full-time person.

WHY HOMESHORE?

Our mission is to provide local outsourcing services that can dramatically **reduce your operating costs** – without the headaches and red tape of offshoring. HomeShore America uses a virtual office environment to keep a low cost profile and it opens up the workplace to Americans with physical disabilities. We provide practice areas in bookkeeping, information technology services, human resources, and merger/acquisition consulting. Give your business the HomeShore Advantage!

The HomeShore Advantage

Highly Capable, Results-Driven Workforce - We maintain a network of qualified disabled employees who are creative, highly motivated, and experienced in overcoming challenges. These are focused individuals, used to thinking out of the box, who will ensure that your books are up-to-date with entries properly recorded.

Efficient, Networked Operations - Our unique business model allows us to streamline our costs, and those savings get passed on to you. We provide our employees with a virtual workplace to accommodate their needs. High technology deployed in a virtual environment ensures that you receive optimum productivity, data security, and cost-efficient processes.

Proven Experience and Know-how:

20+ year track record of successfully architecting accounting/bookkeeping solutions.

Consulting experience in process improvement, system selection, outsourcing selection, general ledger and segment reporting, accounts payable, accounts receivable, payroll, time and expense reporting

Forming and effectively managing accounting/bookkeeping teams

Implementing and customizing accounting systems (including Real World, Platinum, Peachtree, Solomon, Titan and others), from microcomputer to mainframe

Integrating accounting systems with CRM and other applications

Participating in public company audit committees

Hands-on experience with accounting systems from microcomputer to mainframe

Deep expertise in knowledge transfer and training on Quick Books

Effective, Nearby Communication - You will be given a single point of contact who you can call or email just as you would another employee at your company. They will be at work while you're at work.

HomeShore Affiliation - HomeShore America is a Veteran-owned Small Business affiliated with VetBiz.gov and National Veteran-Owned Business Association (NaVOBA). Our Managing Partner is Mentor in Residence at the Rothman Institute for Entrepreneurial Studies at Fairleigh Dickinson University in Madison, NJ. The Institute provides free mentoring services for beginning or growth-stage business owners who want to benefit from best practices and idea sharing. We adhere to the ideal that the client comes first, and we work hard to make sure you're satisfied each and every time you engage HomeShore America.
